

Dear Friends,

October, 2006

We have some very important news to share with you, our guests. Dream Dinners is committed to enriching the lives of families and communities... we bring people together, and make life just a little bit better. As part of this mission, we have recently joined forces with a very special company. We are extremely proud to announce our new partnership with Athena Bottled Water. Beginning in October we will be serving Athena water, exclusively, in all of our stores.

Athena donates 100% of their profits to help find a cure for women's cancers, a cause near and dear to all of us. So many of us have been touched by cancer in some way; either we ourselves have "been there" or have a friend or family member who has battled the disease. By offering Athena Bottled Water in our stores, we are sending a powerful message of healing and hope while actively helping the search for a cure.

The Athena Partners web site, www.athenapartners.org, provides a comprehensive directory to leading cancer information and resources about women's cancers. Please visit their web site and join us in fighting women's cancers.
